management: **Prof. Dr. med. Uldis Mauriņš**  
**Prof. Dr. med. Zoltán Várady**

The meeting in Budapest was certified with 24 credits in 2016!

# Várady's 32<sup>nd</sup> International Workshop of Phlebology

As many already know this workshop is focused on aesthetic Phlebology and bears some specialties: *International character* – in cooperation with other phlebological societies - opinions from many countries are to be heard about, practical topics and courses, semi- live operation course, intimate atmosphere, *each participant is also a referent*, topic discussions without prepared lectures. The convention has the form of a large round table talk without a program elaborated in detail. To each topic you can present your proposals or short lectures. The program, as ever before, is just globally outlined; the particular lectures are not listed, so there is still place for some surprise. *The lectures are hold in English*. A congress DVD will be released as every year, which you get at the congress. All participants receive a *booklet of every presentation in English*. The meeting in Riga is the second of the series of Várady's workshops abroad, next meetings: Dusseldorf 2018, Varna 2019, Vienna 2020!

Sincerely **Prof. Mauriņš, Prof. Várady**
