### WELCOME

Dear colleagues and friends,

we are delighted and honored to greet you in Düsseldorf at the Capiro Congress 2018 and the International Workshop For Phlebology, 33. Várady-Congress. The congress theme „building bridges“ is current not only in the City of Düsseldorf but also in phlebology. Building bridges means to accomplish connections between established and new therapies, combinations of procedures for the benefit of patients and not least walking over bridges to find new ways in therapy.

We are looking forward to seeing you in Düsseldorf
