Registration: 30 May 2007

Payment received: 30 May 2007

Scientific Committees:

Program committee:

- Prof Valdis Pirags
- Prof Ezio Ghio
- Prof Jens Christiansen
- Prof Andrzej Milewicz
- Prof Jerzy Sowiński
- Prof Barbara Jarzab
- Prof Andrzej Lewiński
- Prof Janusz Neuman
- Prof. Bohdan Huszno

The course venue:

Kraków, ul. Łazarza

Centrum Wykładowo-Ćwiczeniowe Collegium Medicum Uniwersytetu Jagiellońskiego

Lecture and Training Centre, Medical College of the Jagiellonian University

PROGRESS IN CLINICAL ENDOCRINOLOGY

3rd Regional Postgraduate Course in Clinical Endocrinology

20th – 22nd September 2007

KRAKÓW - POLAND

FIRST ANNOUNCEMENT

Ladies and Gentlemen,

European Society of Endocrinology together with the Polish Endocrine Society have the pleasure to inform that they are organizing 3rd Postgraduate Course in Clinical Endocrinology. The course will be held on Sept. 20-22, 2007 in Kraków. As in the previous course in Poland (Wrocław), which was highly evaluated by the participants, we expect a large representation of young endocrinologists from Middle Europe. Our next meeting will be the forum for presentations devoted to progress in many fields of endocrinology, delivered by outstanding, experienced clinicians, specialists in endocrinology. We plan numerous workshops and discussions on controversial issues and cases and our meeting should have an interactive character. Certificates of attendance will be issued to all participants.

Kraków is an open city, friendly, hospitable, and a magic place, the centre of culture. But first of all it is a city closely connected with the history of Polish science. There are 30 universities and scientific institutes with about 200 000 students. We heartily welcome you to the city which is a national monument of history, medieval and renaissance architecture, the city of spirits, the old capitol of Poland, with its common green Błonia, parks, points of interest, mysteries and enjoyment.

I warmly invite you to Kraków, where apart from an interesting scientific programme, you will find a lot of unforgettable social experiences.

President of the Polish Endocrine Society
Prof. Dr hab. med. Andrzej Milewicz

PRELIMINARY PROGRAMME

Thursday 20 September 2007

- 14,00 - 16,00 Registration
16,00 - 18,30 Lecture Session THYROID
Chairman: Wiersinga A. (NL) & Huszno B. (PL)
16,00 - 16,30 - Management of subclinical thyroid disorders – Wiersinga W. (NL)
16,30 - 17,00 - Graves Ophthalmopathy – Nagy E. (H)
17,00 - 17,30 - Participation of reactive oxygen species in thyroid physiology and pathology- Karbownik M. (PL)
17,30 - 18,00 - Jodine and thyroid gland – Gaberseek S. (SLOV)
18,00 - 18,30 - Progress in Nuclear Medicine – Sowiński J. (PL)
18,30 Opening ceremony and get-together party

Friday 21 September 2007

- 8,30 – 11,00 Lecture Session ADRENALS
Chairman: R. Gailard (CH) & Racz K. (H)
8,30 - 9,00 - Addison Disease – Racz K. (H)
9,00 - 9,30 - Pheochromocytoma impact of heredity and clinical consequences of DNA testing - Jarzab B. (PL)
9,30 - 10,00 - Mineralocorticoid excess syndrome – Kocjan T. (SLOV)
10,0 - 10,30 - Diagnosis and treatment of adrenal cancer, 30 years of observations - Kvachenyuk A. (U)
10,30 - 11,00 - Adrenal incidentaloma – Krsek M. (CZ)
11,00 - 11,15 Coffee break
11,15 - 12,15 Parallel meet the expert sessions
1. Adrenal insufficiency - particularly optimum replacement – Allolio B. (D)
2. Thyroid and pregnancy - Nauman J. (PL)
12,15 - 13,15 Lecture Session GYNECOLOGICAL ENDOCRINOLOGY
Chairman: Bouchard P. (FR) and Milewicz A. (PL)
12,15 - 12,45 - Polycystic ovarian syndrome – Lasurova I. (SK)
12,45 - 13,15 - Selective – progesterone receptor modulators in gynecology – Bouchard P. (FR)
12,45 – 14,45 Lunch
15,00 - 16,00 Parallel meet the expert sessions
1. Pitfalls in the diagnosis and therapy of the carcinoid syndrome – de Herder W. (NL)
2. Amiodarone-induced thyroid dysfunction – Wiersinga W. (NL)
16,00 – 17,00 Lecture Session – THYROID CANCER
Chairman: Jarzab B. (PL) and Lewiński A. (PL)
16,00 - 16,30 - Growth factors in thyroid cancer – Alvarez C.V. (ES)
16,30 - 17,00 - Differentiated thyroid carcinoma in children – Handkiewicz-Junak D. (PL)
17,00 - 17,15 Coffee break
17,15 - 18,15 Paralell meet the expert sessions
1. Current views on the management of thyroiditis - Lewiński A. (PL)
2. Hypopituitarism and its replacement therapy – Gailard R. (CH)
18,15 – 19,15 Lecture Session – PEDIATRIC ENDOCRINOLOGY
Chairman: Tendra-Malecka E (PL) nad Tillmann V. (Estonia)
18,15 - 18,45 - Endocrine late effects of childhood cancer treatment - Tillmann V (E)
18,45 – 19,15 - Hyperandrogenism in girls – a clinical problem - Tendra - Malecka E. (PL)

20,00 Gala Dinner

Saturday 22 September 2007

- 9,00 - 10,30 Lecture Session DIABETOLOGY
Chairman: Pirags V. (Ł) and Christansen J. (DK)
9,00 - 9,30 - Candidate Genes in Diabetes – Pirags V. (Ł)
9,30 - 10,00 - "To be or not to be" of metabolic syndrome - Milewicz A. (PL)
10,00 - 10,30 - Current views on the management of diabetes type 2 –
10,30 - 10,45 Coffee break
10,45 - 11,45 Parallel meet the expert sessions
1. Adrenal insufficiency-particularly optimum replacement – Allolio B. (D)
2. Thyroid and pregnancy – Nauman J. (PL)
11,45 - 12,45 Lecture Session PITUITARY
Chairman: Kelestimir F. (TR) and Gailard R. (CH)
11,45-12,15 - Pituitary dysfunction due to traumatic brain injury – Kelestimir F. (TR)
12,15- 12,45 - Growth hormone replacement and insulin treatment in DM t2 - Christiansen J. (DK)
12,45 – 14,45 Lunch
14,45 - 15,45 Parallel meet the expert sessions
1. Pitfalls in the diagnosis and therapy of the carcinoid syndrome – de Herder W. (NL)
2. Amiodarone-induced thyroid dysfunction - Wiersinga W (NL)
15,45 - 16,45 Lecture Session VARIA
Chairman: Ghigo E. (I) and Kos-Kudła B. (PL)
15,45 - 16,15 - Ghrelin and its mimetics in clinical practice – Ghigo E. (I)
16,15 - 16,45 - Contemporary methods of diagnosis and treatment of neuroendocrine gastrointestinal tumors – Kos-Kudła B. (PL)
16,45 - 17,00 Coffee break
17,00- 18,00 Parallel meet the expert sessions
1. Current views on the management of thyroiditis – Lewiński A. (PL)
2. Hypopituitarism and its replacement therapy – Gailard R. (CH)
18,00 Closing ceremony. Farewell cocktail.
