## - EDUCATION SURVEY -

### ISE Education Needs Assessment: Your feedback matters

As part of our education strategy, the International Society of Endocrinology has launched a **needs assessment survey** targeted at thousands of healthcare professional around the world working in the field of endocrinology.

We want to make sure **we deliver accessible education that is applicable to your research and practice**. With your feedback, we can identify pressing educational needs within our endocrinology community and safeguard a relevant and topical education program for the near future.

**Can you help us by completing the ISE Education Needs Assessment Survey?  
It should not take you more than 10 minutes to complete.  
Thank you in advance for your feedback!**

### Learn more about ISE Education

As part of the ISE Education Program of this year we host monthly webinars in different areas of endocrinology (ranging from incretin therapies for Type 2 Diabetes to growth hormone deficiency and diabetes insipidus), with an average audience of 400 live attendees per webinar, and a total of 360 visitors to date to the on-demand CME content on the ISE Global Education Hub.

To learn more log in today on the [ISE Global Education Hub](#) or create a free account and join the more than 1400 endocrinologists who are active in our online community!
