

The 1st ISE Endocrinology Practice

Middle East

17-18 September | Virtual

Save the date

We invite you to join us **online** for the **1st ISE Endocrinology Practice – Middle East, 17-18 September 2021**. This ISE Endocrinology Practice is a conference hosted by the International Society of Endocrinology (ISE) in collaboration with the Emirates Diabetes and Endocrine Society (EDES) and is the first one of a series of yearly regional CME focused educational events.

This conference will provide healthcare professionals with the best clinical practices in diabetes and endocrinology. Join us to take your patient care to the next level, learn from international faculty combined with cases discussed with regional experts, and earn globally recognized CMEs.

The topics and cases we will cover in this inaugural conference include:

- Choosing the right treatment for diabetics
- Hot topics in gonadal function
- Diabetes in special situations
- Approach to common thyroid and adrenal pathologies

We look forward to welcoming you to our 1st ISE Endocrinology Practice and together dive into an exciting learning experience with our panel of renowned international and local experts!

About the ISE Endocrinology Practice Series

The ISE Endocrinology Practice is a conference hosted by ISE in collaboration with EDES and is the first of a series of yearly regional CME focused educational events rotating the world in the coming years. The aim of ISE is to establish the regional practice series as a forum for endocrinologists regionally, to improve their knowledge and skills and apply internationally recognized best practices to the review of regional cases from their clinic.
