

The 1st ISE Endocrinology Practice Middle East 17-18 September 2021 | Virtual

The scientific program is online

We are delighted to announce the scientific program is now available on our website.

Innovative and forward-looking, it offers a mixture of sessions on hot topics in the endocrinology and diabetes practice as well as a variety of complex patient cases from the Middle East.

Have a glimpse at our key plenary sessions:

- **Friday, 17 September 2021**
10:15 - 11:15 AM Dubai (07:15 - 08:15 AM London)
Changing landscape of diabetes therapy - Daniel Drucker (Canada)
- **Saturday, 18 September 2021**
11:00 - 12:00 AM Dubai (08:00 - 09:00 AM London)
Approach to thyroid cancer in 2021 - Michael Tuttle (USA)

Explore the full program and join us to not only hear international expert opinions but also to ask your questions during our Q&A sessions and earn your CME credits.

About the ISE Endocrinology Practice Series

The ISE Endocrinology Practice is a conference hosted by ISE in collaboration with EDES and is the first of a series of yearly regional CME focused educational events rotating the world in the coming years. The aim of ISE is to establish the regional practice series as forum for endocrinologists regionally, to improve their

knowledge and skills and apply internationally recognized best practices to the review of regional cases from their clinic.
