

RARE DISEASES: SOCIAL MEDIA POSTS

Promotion of the hero

Copy

Helen Cross helped set up the European network for rare and complex forms of epilepsy. “Working in a European network gives us access to the level of expertise required.”

Promotion of the chain

Copy

Rare diseases affect the lives of 30 million people in the EU. No country has the knowledge to treat all forms of rare disease alone. European Reference Networks connect healthcare providers from across Europe to share specialist knowledge, improve diagnosis and treatment for patients.
