

COURSE ANNOUNCEMENT

European Health Executive Programme

January 2008 – November 2008

An innovative opportunity for top health care executives and clinicians, research directors and policy advisors

The European Health Executive Programme (EHEP) provides a unique opportunity to invest in your development. It brings together top managers and clinicians to share their experience and learn alongside senior academic thinkers from five European Universities. The five modules, each delivered in a different country, provide a selection of relevant learning opportunities, focusing on professional, managerial and macro-policy issues in Europe. The content of the modules is grounded in theory, evidence and effective practice, supported by expert advisors and keynote speakers.

We invite you and your colleagues to participate in this exclusive training event!

TARGET GROUPS

A maximum of 20 participants will be invited to take part on the programme. The number from individual countries will also be limited to ensure the variety of experience that is central to the programme. Participants will include:

- Chief executives or other board level directors in national or international, public or private organisations;
- Senior clinical professionals with leadership responsibilities for service delivery and health improvement;
- Senior policy advisors, research and development experts with significant impact on the development of health care and related services.

You should be employed within Europe, have five years or more work experience in relevant fields and be sufficiently fluent in English to participate fully in the programme.

MODULES

- 1. Holistic approaches to health: the European context**
21-25 January 2008, University of Durham, Durham, United Kingdom
- 2. Integration as a strategy to improve health system performance and development**
11-14 March 2008, Karolinska Institute, Stockholm, Sweden
- 3. Planning and managing sustainable health reform**
20-23 May 2008, Semmelweis University, Budapest, Hungary
- 4. Innovations in medical technology: two sides of one coin**
9-12 September 2008, Technische Universität, Berlin, Germany
- 5. Managing Professionals in Health Care Innovation**
28 October - 01 November 2008, Utrecht University, Utrecht, the Netherlands

APPLICATION & COSTS

To secure a place for the programme, please complete the application form and return it as soon as possible - places are limited. You can also apply on-line. Acceptance to the EHEP will be by application form, and an interview process. We advise that you send in your application no later than November 2007.

COSTS OF FIVE MODULES ARE: €12,000

The fee for the programme includes all tuition, teaching materials, plus all overnight accommodation, meals and refreshments during the five modules. Should you require any further information of the programme, costs, faculties, etc., please contact us by e-mail, fax, telephone or visit our website. Please, feel free to contact the partner university of the European Health Executive Programme that is the closest in your region.
