

**07 Dec 2011**

**Time:** 09:00-10:30

**Type:** Teaching Course, Heart valve disease, EAE Club 35 Recommended Session

**Room:** Budapest - Lecture room

**Chairperson:** A Varga (Szeged, HU), R G Asbot (Budapest, HU)

**Title:** Diagnosis of mitral valve disease

**SubTitle:** Course organised by the Hungarian Working Group on Echocardiography

## Presentation(s) List

Time	Final Prog. Number	Title	Speakers	Abstract
09:00	1	Echocardiographic aspects of mitral valve anatomy.	R G Asbot (Budapest, HU)	
09:18	2	Echocardiographic evaluation of mitral stenosis.	R Faludi (Pecs, HU)	
09:36	3	Quantification and dynamic properties of mitral regurgitation.	A Varga (Szeged, HU)	
09:54	4	Assessment of mitral regurgitation. What can 3D add?	A Apor (Budapest, HU)	
10:12	5	Case presentation - Mitral stenosis.	Z Szelid (Budapest, HU)	

**07 Dec 2011**

**Time:** 11:00-12:30

**Type:** Teaching Course

**Room:** Budapest - Lecture room

**Chairperson:** K Kadar (Budapest, HU), K Karlocai (Budapest, HU)

**Title:** Difficult clinical and echocardiographical scenarios

**SubTitle:** Course organised by the Hungarian Working Group on Echocardiography

## Presentation(s) List

Time	Final Prog. Number	Title	Speakers	Abstract
11:00	31	Ischemic mitral regurgitation.	T Forster (Szeged, HU)	
11:18	32	Functional mitral regurgitation - Medical or surgical treatment?	I Hegedus (Debrecen, HU)	
11:36	33	Mitral valve endocarditis: the role of echo in the decision making process.	A Cziraki (Pecs, HU)	
11:54	34	Congenital mitral valve disease.	O H Balint (Budapest, HU)	
12:12	35	Case presentation - Mitral regurgitation.	Z Pozsonyi (Budapest, HU)	

**07 Dec 2011**

**Time: 14:00-15:30**

**Type: Teaching Course, Heart valve disease**

**Room: Budapest - Lecture room**

**Chairperson: M Keltai (Budapest, HU), A Szatmari (Budapest, HU)**

**Title: Echocardiography and interventions**

**SubTitle: Course organised by the Hungarian Working Group on Echocardiography**

## Presentation(s) List

<b>Time</b>	<b>Final Prog. Number</b>	<b>Title</b>	<b>Speakers</b>	<b>Abstract</b>
14:00	65	What the surgeon would like to know from the echocardiographer about mitral regurgitation.	M Dzsiniich (Budapest, HU)	
14:18	66	Intraoperative monitoring of mitral valve repair.	L Szudi (Bonyhad, HU)	
14:36	67	Percutaneous interventions in mitral valve disease.	A Temesvari (Budapest, HU)	
14:54	68	The role of echocardiography following mitral valve procedures.	E Bartha (Budapest, HU)	
15:12	69	Case presentation - Percutaneous intervention guided by echo.	M Denes (Budapest, HU)
