Welcome to IECR

Message

We are pleased to introduce you our 3rd IECR congress to be held in Paris at George Pompidou Hospital (Dates Re-scheduled to November 3-4, 2009) Year 2008 witnessed Indo European Course on Revascularization slowly getting established as one of the upcoming Course in Academic field of Interventional Cardiology (www.iecr.in). Continuing on the planning of rotating IECR in various cities of Europe, the committee has decided to hold the European Chapter of 3rd Indo European Course on Revascularization in Paris of dates November 3-4 (Tuesday and Wednesday) of 2009 and this will be held in the state-of-art high tech auditorium of famous George Pompidou Hospital. During the Paris meeting, we aim to bring clinicians and scientists together in the beautiful and exciting city of Paris and plan to have didactic lectures by eminent experts and intermingled will be Live transmissions of Coronary and peripheral from various European and Indian hospitals. Also, more significance will be given to individual presentation of complex interventional cases by Faculty and delegates. As in the previous meeting the primary focus will be the interaction between the audience and the Faculty so that IECR become the stepping stone for the younger generation Interventional Cardiologists. We hope that it will bring a wide range of professionals with their skills, techniques and developments together and will create the ideal atmosphere for exchanging ideas and information. The meeting would also be a great opportunity for the industry to meet the forerunners in this filed and we expect this will be a mutually beneficial experience. We have allocated slots for free communication in the main programme and encourage all of you to submit abstracts and CD presentation. Once again it will be pleasure of the IECR committee members to have your involvement for this interactive educational event. We request you to mark your calendar to freeze the particular dates and try to get registered.. Looking forward to seeing you in Paris in November.

Warm Regards,

Vivek Gupta

Alain Cribier

Patrons

Mrs. Sheila Dixit
Dr. AM Singhvi
Dr. PC Reddy
Dr. Anupam Sibal
Dr. Raman Sardana

ABSTRACT PRESENTATION

IECR invites Abstracts from Young Fellows / Cardiologist
Abstracts accepted before **30.09.09** will have concessional registration
and will be published in IECR HEART Journal

CD PRESENTATION

IECR invites CD of complex Angioplasty Cases
(Contact Dr. PK Asokan +91-0- 9847005074) CD Presenters will have
registration fee reduced if accepted before **30.09.09**

3rd Indo-European Course on Revascularization (IECR 2009)

3rd & 4th November 2009, George Pompidou Hospital, Paris, France

BRIEF SCIENTIFIC PROGRAMME-SPEAKERS & TOPICS

Alain Cribier	:	Percutaneous Valve Implantation Alternative to open chest surgery?
A Lafont	:	A Bioresorbable Stent does not need Drug Elution
A Polydorou	:	Subclavian and Vertebral angioplasty and stenting : State of the Art
A Thiruvanzium	:	1. Restenosis and the Newer option of treatment 2. A Talk Left Main.
C Tamburino	:	1. Distal Left Main PCI Techniques: The importance of plaque distribution 2. Core Valve TAVI Technique and Results 3. Risk Evaluation in LM Treatment
Debrata Mukherjee	:	Current Role of emboli protective devices in percutaneous coronary and vascular interventions
Gregg Stone	:	Recorded lecture
Gian Paolo Ussia	:	Transcatheter Treatment of Mitral Regurgitation with the edge to edge technique
HS Sharma	:	Vascular Growth and Tissue Repair: DNA to Protein or Stem Cells
KK Kapur	:	Integration of 3-D Echo with Contrast Echo-potential utility
Marc Silvestri	:	Multivessel coronary revascularization: lessons from Syntax and Fame trials or Left main coronary revascularization-my approach
M Henry	:	1. A new concept of stent : the Multi-Layer Stent, first human studies in peripheral aneurysm 2. Carotid angioplasty and stenting under protection
S Silber	:	Over 100 Randomized Trials for DES: How to evaluate each individual trial? Which conclusion can be drawn?
Other Speaker Faculty : (Topics Awaited)	:	A la Manna (Italy), Ashwin Mehta (India), B Cortese (Italy), Carlo Di Mario (UK), Didier Blanchard (France), F Shawl (USA), I Sheiban (Italy), R Jaysinghe (Australia), S Mehta (USA), T Levefre (France), U Sigwart (Switzerland), VK Kakkar (UK).

Scientific Contents

- Complex Coronary & Vascular case presentations
- Lectures on LMCA / Bifurcations / CTO / DES etc
- Primary PCI - Techniques
- Percutaneous Heart Valves - How to Do it ?
- Adjunctive Pharmacotherapy in PCI
- Recent Guidelines for PCI / PHV
- Live Transmissions of complex cases
- Angiogenesis / Stem Cells - possibilities
- Heart Failure - Resynchronization treatment

Live Transmissions Sites

- Central Hospital of Internal Affairs and Administration Ministry, Warsaw, Poland
- Escorts Heart Institute & Research Center, New Delhi, India
- George Pompidou Hospital, Paris, France
- Gleneagles Apollo Hospital, Kolkata, India
- Goldcoast Hospital, Australia
- Nizam Institute of Medical Sciences, Hyderabad, India
- Poly Clinique Rambot, Aixenprovence, France
- Ruby Hall Clinic, Pune, India

INSTRUCTIONS FOR SUBMISSION OF ABSTRACT/CDs

1. Abstract must be submitted on the abstract form downloaded from the website (www.iecr.in), with maximum 250 words, with 3 photocopies along with CDs.
2. In case if you have more than one abstract, you can use high quality photocopies of the Abstract Form.
3. Do not fold the abstract form.
4. Abstracts sent by fax will not be accepted.
5. Abstracts must be typed single space in English, using at least 9 point font and must fit inside the designate space.
6. Type the abstract in order of Title, Authors, Institution and text, which should be left aligned and include aims and objectives of the study, methods, results and conclusions.
7. Authors should be listed by initials and surnames.
8. Name of presenting author should be underlined.
9. Standard abbreviations are acceptable. Uncommon abbreviation must be put into parenthesis and preceded by the full word the first time it appears in the text.
10. Tables and graphs can be included if they can fit within the rectangle. Photographs will not be accepted.
11. The presenting author must be registered for the course.
12. Abstract/CDs must be submitted by 30th September 2009.

Mall the Abstracts/CDs to :

3rd Indo-European Course on Revascularization (European Chapter)

3rd-4th November, 2009, George Pompidou Hospital, Paris, France

FEEDBACK FROM FACULTY AND PARTICIPANTS 1st Indo European Course on Revascularization, New Delhi (Jan 4-6, 2008)

- From : CRIBIER, Alain** 11thJan 2008 07:30 PM
University of Rouen, France.
I wanted to say again the pleasure that we all had to be with you in Delhi and again to congratulate you for having successfully put the whole thing together in spite of the huge difficulties. Hope you could take some rest, you deserved it.
- From : SaratChandra Koduganti** 12thJan 2008 07:34 PM
Nizam's Institute of Medical Sciences, Panjagutta, Hyderabad
Congratulations for organizing a wonderful meeting, we received rave reviews of the meeting. I could see during my own case that the meeting was well attended. Thank you very much for giving me an opportunity to do the live case in the workshop. I hope we will be having a fruitful association in future.
- From : Abdul Rasheed Khan** 13th Jan 2008 11:48 PM
Head of Cardiology Abbasi Shaheed Hospital, KMDC, Karachi Pakistan
Congratulation on arranging one of the best courses of the world in India. Ashique was very much happy the way you help him and extended your cooperation.
- From : Ulrich Sigwart** 10th Jan 2008 11:54 PM
Professeur Honoraire à l'Université de Genève, av. de Miremont 1, CH-1206 Geneva / Switzerland
We are back in Geneva and I just wanted to thank you for your hospitality. I do hope the Meeting was to your liking. I got positive echoes.
- From : Gregg W. Stone** 10th Jan 2008 11:29 PM
Professor of Medicine, Director of Cardiovascular Research and Education
Center for Interventional Vascular Therapy, Columbia University Medical Center
Chairman, The Cardiovascular Research Foundation, New York City, NY
Thank you Vivek – it sounds like overall this first meeting was a gratifying success. There are always "growing pains" in any new event that will be overcome with time. You should be very proud.
- From : Augusto Pichard** Wednesday, January 09, 2008
Professor of Medicine, Director Cath Labs, Washington Hospital Center
Wanted to say 2 words to congratulate you on the Meeting. I know you made a major effort to get it off the ground.
Thank you for taking care of so many details. I am sure you enjoyed working with Alain Cribier who is so special in many ways..
- From : Ajit Kulkarni, New Delhi** 9th Jan 2008 11:44PM
I Dr Ajit Kulkarni am a second yr post graduate in medicine at Maulana Azad Medical College. Last week I attended the Indo-European course on Revascularization. It was really wonderful. It gave me tremendous knowledge regarding interventional Cardiology. Its really fascinating. I would like to follow your footsteps and do my DM in cardiology. Need your blessings for the same. Please inform me in future regarding any other course conducted by you Sir, as it would help me in developing knowledge regarding fascinating Cardiology.
- From : Imad Shaiban, Italy** 8th Jan 2008 02:52 AM
Dear Vivek, I hope you have started 2008 as best as I can wish you and I'm sure that your 1st Euro-Indian Meeting was successful .
- From : Bernardo Cortese** 4th Jan 2008 06:37 PM
Dear Vivek, we enjoyed the connection so much, I hope that your panel was happy to see us here in Italy; nevertheless minor technical difficulties, we are absolutely honored to have been in touch with you, thank you for this opportunity.
- From : Anshul Jain** 11 January, 2008, 7:01 PM
Many thanks for giving me chance in the recently concluded program. I strongly feel that it was a good Endeavour to start teaching the youngsters how to do interventions in the real life situation. In the next meet please try to get the fresh DM/DMNB enrolled and I would help in this regard .
- From : Dr. Deepak Jain, Germany** 25 Feb 2008 01:41AM
Consultant Interventional Cardiologist & Co-Director Cath-Labs, Medizinische Klinik II, Universitätsklinikum Schleswig-Holstein, Campus Lübeck, GERMANY.
Heartiest Congratulations Vivek, For this maiden achievement. You have simply accomplished the impossible. Great to know that an old buddy has done something so profusely great!!

2nd Indo European Course on Revascularization, London (Jan 4-6, 2008)

- From : Dr. Alain Cribier, France**
Again it was a great day yesterday and I enjoyed both the attendance and lectures. I am sure that the second day was as good. Congratulations for the whole thing.
- From : Carlo di Mario, Royal Brompton Hospital, London, UK**
Congratulations for the congress. "three centuries after Clive and the British conquest of India a peaceful but disciplined squad of Indian Cardiologists has conquered London, the heart of Britain, with passionate talks, cutting edge live demonstrations, lively debates. All the British and European cardiologists who joined them in these two intense days enjoyed this first Indo-European initiative, a good template for the future events."
- From : Bernardo Cortese, Grosseto, Italy**
We had great fun in the last weekend in London. The congress was of high level for the scientific participation, and presentations were up-to-date and interesting.
- From : Mohd. Rosli, National Heart Institute, KL, Malaysia**
I must congratulate you for holding the meet. Live transmissions were good, even case presentations i.e. discussing in depth complications and how to get out of it can be very interesting and fruitful. I love the idea of cases and awarding prizes to the best. I liked the topics and the sessions. Overall, I enjoyed the meeting.
- From : Jaco Houtgraaf, Erasmus University, The Netherlands**
Thank you again for inviting me as a speaker for your very well organized course. I really enjoyed it.
- From : Rohan Jaysinghe, Gold Coast Hospital, Australia**
I am very pleased that the case transmission from the Gold Coast Hospital was to your satisfaction. I am also very glad to have participated in this excellent meeting.
- From : Sameer Mehta, Florida, USA**
Congratulations on the excellent meeting in London.

3rd Indo-European Course on Revascularization (European Chapter)

3rd-4th November, 2009, George Pompidou Hospital, Paris, France

REGISTRATION FEE
