November 28<sup>th</sup> - December 2<sup>nd</sup>, 2007  
Sungate Port Royal Resort  
Antalya/ TURKEY

*Dear Colleagues,*

*It is a great pleasure for me to invite you to the 14th Congress of the International Society of Cardiovascular Pharmacotherapy (ISCP) which will be held in one of the pearls of the Mediterranean, Antalya, Turkey.*

*Over the last two decades the Congresses of the ISCP have always been major scientific events in the field of the medical therapy of the cardiovascular diseases and created a world forum for knowledge sharing and exchanging ideas. Clinical trials as the cornerstone of the evidence based cardiology and late breaking trials will be the new faces of the ISCP Congress in 2007 besides the continuation of the tradition.*

*Cardiovascular pharmacotherapy covers a wide spectrum of therapeutics and such a spectrum will be provided in the Congress from preventive drug therapy to gene based and cellular therapy.*

*The scientific platform, the collegial atmosphere and the historical and natural beauty of the venue show adequate evidence for choosing the 14th Congress of the ISCP to send your valuable works and to attend.*

*Looking forward to seeing you in Antalya,*
