

# 2<sup>nd</sup> EAST BOHEMIA STRESS ECHOCARDIOGRAPHY COURSE

24. 4. 2021

## GOES ON-LINE!

## Welcome to the 2<sup>nd</sup> East Bohemia Stress Echocardiography Course & Workshop

Dear colleagues,

Stress echocardiography plays important role in investigation of patients with known or suspected IHD. It benefits from being low cost and radiation free method with high accuracy which can be performed with minimal additional staffing or technical requirements.

The on-line introductory course objective is to familiarise participants with the complexity of stress echocardiography for ischaemia testing. It is designed mainly for cardiologists and echocardiographers who are interested in stress echocardiography and want to set up or further develop their service. Lectures on principles and practical aspects of stress echocardiography are accompanied by illustrative case reports.

We are looking forward to meeting you on-line in April 2021!

*Dr Karel Mědílek FRCP*  
Course director

## 9:00–9:15 Welcome

## 9:15–10:45 Introduction to stress echocardiography

1. **Why functional imaging? The role of stress echocardiography in CAD + Q&A**  
B Shah
2. **Exercise stress echo**  
A Borg
3. **Dobutamine stress echo**  
K Medilek
4. **Vasodilator stress echo**  
N Gaibazzi  
**Q&A**

## 10:45–11:00 Break

## 11:00–11:50 Introduction to transpulmonary contrast echocardiography

5. **Principle of transpulmonary contrast echocardiography**  
A Borg
6. **Clinical value of ultrasound contrast agents in stress echo and beyond**  
N Gaibazzi  
**Q&A**

## 11:50–12:30 Break

## 12:30–14:15 Stress echocardiography in clinical

7. **How to report stress echo studies + Q&A**  
R Khattar
8. **Case reports 1**  
panel

## 14:15–14:30 Break

## 14:30–16:30 Stress echocardiography in clinical practice 2

9. **Safety & Quality Assurance in stress echo + Q&A**  
B Shah
10. **How to set up your stress echo lab + Q&A**  
K Medilek
11. **Case reports 2**  
panel

## 16:30 Closing remarks

## **Registration**

Registration is possible on-line only and is confirmed upon the on-line payment at the time of registration. The registration fee is 25 €.

## **Access to the course**

The access code for the course will be available from the personal account created at the time of registration and will be also sent to the registered e-mail few days before the course date.

## **Continuous Professional Development (CPD/CME) points**

The course will be organised along with the Czech Medical Chamber standards, CPD/CME accreditation was applied for. Certificates of attendance will be available at the end of the meeting.

## **Organising bodies**

University Hospital Hradec Králové, Czech Republic  
Faculty of Medicine Hradec Králové, Czech Republic

## **Faculty**

### **Dr Alexander Borg**

Mater Dei Hospital, Msida, Malta

### **Dr Nicola Gaibazzi**

Parma University Hospital, Parma, Italy

### **Dr Rajdeep Khattar**

Royal Brompton Hospital, London, United Kingdom

### **Dr Karel Mědílek**

University Hospital Hradec Králové, Czech Republic

### **Dr Benoy Shah**

University Hospital Southampton, United Kingdom

## **Course language**

English
