ESRD Cardiovascular Research Registry – an initiative of the ERA-EDTA EURECA-m working group!

The ESRD Cardiovascular Research Registry was the first initiative of the EURECA-m working group. This Registry aims at a systematic collection of 24h ABPM recordings, Echocardiography and Pulse Wave Velocity (PWV) measurements, demographic and clinical data and incident clinical outcomes. In addition to that, the Registry also aims at establishing peripheral (centre-based) Bio-banks at least in some of the centres involved in the Registry.
