

Title: Submit your abstract to present at the ISUOG World Congress 2024 in Budapest!

Text: The ISUOG World Congress 2024 will be in Budapest this year on 15-18 September. Don't miss your opportunity to submit an abstract and showcase your unique work to an international audience. Submit your research before the deadline 18 March for the chance to contribute to the scientific program.

Here are some of the many great reasons for you to submit an abstract:

- Raise the profile of your research by presenting live on stage
- Participate in lively discussions with leading ultrasound professionals in abstract sessions and networking events.
- Have your abstract considered for the prestigious Top Abstract and Best in Category awards.
- Display your poster in the Congress exhibition on our new digital poster screens.
- If you are still in training, you will be eligible for one of our Young Investigator awards.
- Meet with experts in your field from around the world to exchange ideas and explore opportunities for collaboration.
- See your abstract published in the Congress program and UOG journal supplement.
- Access an on-demand recording of your presentation after the event.
